

## The Nonprofit Staten Island Membership Overview & Form

### **Background**

Since 2005, the Association has provided resources, support, and advocacy for the borough's nonprofit sector. The Association was created to provide a single "voice" for the sector's members, regardless of size or mission, and enhance the economic impact that nonprofits provide to Staten Island.

### **What Organizations Are Members of the Association?**

Today, the Association has over 100 501c3 nonprofit members including cultural institutions, faith-based organizations, health care providers, senior and youth service providers, and local community groups. They provide borough wide services, they serve their local community, or a select group of individuals, such as children, people with disabilities, or seniors. Being a member allows you connect with nonprofits and leaders you may not otherwise ever meet, leaders that share the same experiences you do.

### **Why Join the Nonprofit Staten Island?**

A survey conducted by the Association shows the impact of the borough's nonprofits on the economy:

- Staten Island nonprofits serve more than 2 million people annually.
- Over 10,000 people volunteer with Staten Island not-for-profit organizations each year. □ The borough's nonprofit organizations employ more than 20,000 people, over 20% of all people working in the borough, making it the largest employment sector on Staten Island.
- Of organizations and businesses in the borough that employ more than 100 individuals, over 40 of them are nonprofit organizations.
- The sector is the leading supporter of local businesses including restaurants, and technical assistance providers (plumbers, electricians, IT, additional utilities, etc.).

Becoming a member of the Association immediately gives you access to services and resources that help build new skills, enhance existing ones, and increase your overall sustainability. Specifically:

- Workshops and training in key areas like board recruitment, utilizing social media, grant writing, and developing fundraising campaigns.
- Connections to resources and experts to help with grant applications, legal services, and back-office functions (IT, human resources, marketing, etc.).
- A peer network of nonprofit leaders that can share best practices, brainstorm ideas, and help you overcome challenges, regardless of your size or mission.
- Membership to [Nonprofit New York](#) for first-time members and its benefits including a comprehensive online nonprofit toolkit, information hotline, group buying discounts, and webinars.
- An outlet for you to build partnerships while also sharing your areas of expertise and knowledge with colleagues in the nonprofit sector.
- Advocacy with government and community leaders, on and off Staten Island, on issues important to the nonprofit sector.
- Opportunity to gain greater visibility through the Association's website, social media outlets, and weekly newsletter which reaches over 500 contacts and growing.
- Complementary membership in [Staten Island Community Organizations Active in Disaster \(SICOAD\)](#). The coalition facilitates learning, networking, and communication among coalition participants, and serves as a resource in emergency preparedness and/or disaster response (be it an act of nature or man-made) for our local community-based organizations.
